# Please give your Parents Access to Your Account

Have you given your parents access to your Morrisby account?  
If you are happy to please do this now.  
It's at the bottom of your Morrisby Homepage

The screenshot shows a mobile application interface for 'Parental Access'. At the top, there are navigation arrows and a status bar. Below the title 'Parental Access', there is a descriptive paragraph: 'You can invite a parent or responsible adult to access your account. They will have access to the same features as you, but cannot take any questionnaires or assessments. They cannot update any of your questionnaires and assessments or make any changes to your account, but it will help them to chat with you about your aspirations.' Below this text, there is a table with one entry for 'Valentino Hurt' who 'Has Access'. To the right of the name is a red trash icon. At the bottom of the table, there are two input fields: 'Their Name' and 'Their Email (optional)', followed by an orange 'Invite' button. At the very bottom of the screen, there is a feedback prompt: 'Is this page useful?' with thumbs up and down icons.
